

1) Home Base

- a) Describe all the buildings in your home base (at least 5)
  - i) Cannon: Shoots cannon balls at enemies to protect the units and buildings around it.
  - ii) Barracks: These buildings are where you produce your army units, they can produce better units at higher the levels.
  - iii) Town Hall: Stores gold and elixir. Higher levels unlock new buildings, defences and traps.
  - iv) Elixir Storage: They store elixir, the higher the level the more they can store.
  - v) Gold Storage: They store gold and the higher the level the more they can store.

2) Army Troops

- a) What army troop do you start out with? What is it's stats/skills/abilities?
  - i) Barbarian
  - ii) HP: 45, DPS: 8, Speed: 16. Attacks any single ground target at a time.
- b) Click on the Barracks and upgrade it. What army troop do you get? What is it's stats/skills/abilities?
  - i) Archer
  - ii) HP: 20, DPS: 7, Speed: 24. Attacks any single ground & air target at a time.

3) Economy and Currency. There are 3 types of currency. Describe each and their use.

- a) Gold: Used to build and upgrade structures, traps and walls.
- b) Elixir: used mostly for training troops and constructing buildings.
- c) Green Gems: The purchasable in game currency that allows players to avoid time walls and purchase certain things, though they can also be mined and acquired ingame but at a significantly lower rate than simply purchasing.

4) Gamer Tag. My nick name is AlyJ2020. PlayerTag is #LRLR29Y8Y. You can find your Profile by clicking on the top left blue ribbon > My Profile.

- a) Psylocybin
- b) #LGRL9V9VR

5) Attacking another base.

- a) What is gained by attacking another base?
  - i) Gold, Elixir, and trophies.
- b) As a player, what tactics and strategies are you employing. List 2.
  - i) Econ First. Your army can only be as big as your income, so I always focus on my economy first.
  - ii) Aggression and exploitation. I am using my military units to attack other players and goblins to get more resources so I can grow faster.
